

MEDICAL OFFICE

NORTON AUDUBON MEDICAL PLAZA WEST

FOR MORE THAN A CENTURY, the residents of Kentucky and Southern Indiana have trusted the Norton name for dedicated and compassionate care. With a network of five hospitals across the state, Norton Healthcare is the region's largest health care system, providing a full-range of medical services. Its skilled and talented staff provide outstanding care to every patient, and its specialty centers like the Leatherman Spine Center and Kosair Children's Hospital are nationally known for excellence.

In the mid-1990's, Norton Healthcare and Faulkner Real Estate came together to establish what has become a very strong corporate real estate partnership. This relationship began with Faulkner's purchase of existing medical office buildings, which were then leased back to Norton. Over the past 10 years, this relationship has grown to include build-to-suit medical office buildings, as well as developing a highly specialized Women's Pavilion.

Today, Faulkner's portfolio of medical office buildings consists of nearly 1,000,000 square feet. The company currently manages and leases all the properties.

NORTON AUDUBON MEDICAL PLAZA WEST

NORTON AUDUBON MEDICAL PLAZA WEST

Audubon Plaza West is centrally located on Poplar Level Road. The six-story glass and brick structure was constructed in 2004 with large open floor plates to allow efficient use of square footage. Audubon Plaza West is a state-of-the-art physician office building directly connected by a covered corridor to Norton Audubon Hospital. The professionally designed lobby offers two traction elevators, a two-story glass atrium and multiple covered patient drop off areas. It also offers a gift shop and pharmacy. Ample patient, staff and physician parking surrounds the building placed in a park-like setting adjacent to the Audubon Bird Sanctuary.
